Health Center

Student Health Services Guide

*Supporting Your Health and Wellbeing
Throughout Your Academic Journey*

Message from the Director

Dear Students, Faculty, and Staff,

Our mission at the IUGB Health Center is to promote health, prevent disease, and support students in their academic success. We are dedicated to the health and well-being of students, teachers, and non-teaching staff at the university.

The Health Center provides comprehensive medical care and support services available 24 hours a day during academic semesters. Our team of dedicated health professionals is committed to ensuring that you have access to quality healthcare whenever you need it.

Whether you need routine medical consultations, emergency care, mental health support, or health awareness education, our center is here to serve you. We believe that your health is fundamental to your academic achievement and personal development.

Dr. ASSIE Michelle Amon

Wife of AZAGOH-KOUADIO

Senior Physician and Director, IUGB Health Center

State Doctorate in Medicine, University of Abidjan, Côte d'Ivoire

National Medical Association Registration: 3196

About the Director

Dr. ASSIE Michelle Amon brings 25 years of experience at the highest level of the medical profession to her role as Director of the IUGB Health Center. Her extensive career spans multiple sectors of healthcare delivery, providing her with unique insights into comprehensive patient care and health system management.

Professional Experience

- **18 years at IUGB:** Leading campus health services and student wellness programs
- **5 years in business:** FNS and SEMAT organizations
- **2 years in insurance:** AIA Assurances and LMAI

Medical Expertise

Since December 16, 2008, Dr. Assie has specialized in school medicine and occupational medicine, focusing on the unique health needs of academic communities. She holds a State Doctorate in Medicine from the University of Abidjan and is registered with the National Medical Association of Côte d'Ivoire (Registration Number 3196).

Her dedication extends to all members of the university community—students, teaching faculty, and non-teaching staff—ensuring comprehensive healthcare coverage and promoting a healthy campus environment conducive to academic excellence.

Our Staff

The IUGB Health Center is staffed by a dedicated team of healthcare professionals:

- 1 Senior Physician (Director)
- 2 Registered Nurses
- 2 Nursing Assistants
- 1 Cleaning Lady (Facility Maintenance)

Services Offered

Download Medical Forms: Required health forms can be obtained from our admissions portal.

Zero Tolerance Drug Policy

The University has zero tolerance for illegal drugs. Students using drugs cannot be admitted or remain on campus. The University has the right to perform on-the-spot tests for illegal drugs.

This policy is strictly enforced to maintain a safe, healthy, and productive learning environment for all members of the university community. Students found in violation of this policy will face immediate disciplinary action, including potential expulsion from the university.

The Health Center supports students struggling with substance abuse by providing referrals to appropriate treatment facilities and counseling services. We encourage students to seek help confidentially before facing disciplinary consequences.
